Whether the going was hard or easy, we always found time to have fun. If it was a ballgame we shouted ourselves hoarse, if it was a party or dance we danced until we dropped or if it was a class, we managed to have fun.

We managed to hand in our English assignments on time and finish term papers ahead of schedule. Commerce classes, with their adding machines, became the statisticians of the school, adding and subtracting long columns of figures. The shop classes turned out amazing inventions.

Occasionally there were wonderful smells drifting up from the Home Economics classes as one of their attempts in cooking came out successful, whereas from the top floor came a myriad of terrible odors as a chemistry student unleashed a few elements which combined with each other to produce interesting and sometimes unexpected reactions. Meanwhile, the history classes went on learning dates and famous quotes, as math classes perplexedly scratched their heads in wonderment over some unanswerable problems.

Student Council discussing a forthcoming project.

Many hours were devoted by the clubs and organizations of the school to provide fun and entertainment for the students. The dances, parties, and convocation programs were put on by students themselves showing the true talent of many of our classmates. The student council even got into the "act" and often as not was a "prime mover" in a project.

The music department was called upon to provide entertainment many times, while at various times during the school year art students would display their talents in posters urging on the "Golden Bears" or boosting Squib Sales.

What is a sports season without dances or pep sessions. Sock hops were the favorite kind of dance since they could be held in the big gym without marring the beautiful finish of the basketball floor. Pep sessions brought the level of excitement over an impending ball game up to a high pitch so that there would be no lack of cheering during the actual contest.

The Prom – at the end of 12 long years is a mighty big night. For some it is the beginning of life in the social world, while for others it's the end of one step in their schooling more of which follows in the fall at college. For one and all it's a night to celebrate and plan a long summer vacation. Work, travel, or just plain loafing. None of them can hold a candle to the one great night – Prom night.

To Study

Whether for scholarship or athletics, study takes up a great deal of time. Daily work constitutes the greatest part of study time; however, even after school was out many were observed taking books home to prepare the next day's lessons or to prepare for tests.

A winning team needs to do more than just practice. They need to learn the methods of their opponents and to work out plays of their own which will enable them to outscore the other team.

"You've got five minutes to put on your robes." "Line up," "be quiet," and "hurry" are the words you might hear in the music room before a program.

The choir sang for the annual sacred concert at the Methodist Church, Spring Festival, Baccalaureate, and Commencement. As a result of their hard work the choir has maintained the high standard of the music department of Shelbyville High School.

The term "Show Group" is applied to the combination of the Singing Stars and the Boys' Glee Club. Besides sacrificing many activities at night, they give up study periods in order to perfect their show which they often present several nights during the week. On the list of places at which the Show Group has performed this year are: The Kennedy Carliner's annual Christmas party, sorority groups, service clubs, J. G. DePrez Hardware Store's yearly Christmas party, and many others. All in all, they had a fine time and enjoyed presenting these programs.

Varsity Basketball

This year a fine group of boys under the tutorship of new head basketball coach, Dee Compton, shared first place in the SCC standing with Southport, as they compiled one of the best seasons in seventeen years for SHS.

The Paul Cross Award, being presented by Reverend Cross, rewards athletic ability as well as character and sportsmanship. This year's winners were Gary Long and Jim Tindall.

Reserve Basketball Team

This year's basketball team brought glory to Shelby High. Their new coach, fine spirit, and good playing produced Shelby's best regular season record in seventeen years with 16 wins and 4 losses. They also added two well-earned trophies to the case in the front hall. By winning the Holiday Tournament for the second consecutive year they retired the trophy permanently and a split with Southport for the South Central Conference championship put another trophy beside the rest in the case.

Our hats are also off to the three other fine teams of the school. They are the youth that will represent Shelbyville in later years as members of future varsity teams.

Golf Team

As soon as basketball suits are put away many of our boys start thinking of playing baseball. Our team is coached by Mr. Barnett and as the Squib goes to press the complete team has not been chosen.

As with baseball, the track team is just beginning to get underway as the Squib goes to press. Mr. McKeand is the track coach and under his direction the boys learn the thrill of competing in track and field events.

Tennis

e members of the tennis team finished a very im-ssive second place in SCC standing this year. The S courtmen were denied the championship trophy by umbus.

Cross Country

The cross country team finished in sixth place in the South Central Conference standings this year.

With only two lettermen returning from last year's squad, the young team gained a lot of experience and should be a strong contender for the SCC title next year.

Yell Leaders

SHS wishes to thank the senior high yell leaders for their loyal support given to the teams. They were present at all the sporting events lending their energy to spur the teams on. Our hats are also off to the junior high yell leaders who helped to boost the morale of the "B" and freshman teams, we also thank them for the help they gave to the varsity yell leaders this season.

Superintendent

Before becoming superintendent of schools Mr. J.W.O. Breck served on the faculty of the high school for 28 years. The last 20 as high school principal. Mr. Breck is now completing his fourth year as superintendent of schools.

As superintendent he is directly responsible to the school board for the operation of the city school system. His duties and tasks are manifold especially now that we are starting the building of a new high school.

School Board

The school board is composed of five members whose function it is to provide us with the best of education opportunities and facilities. These men spend many hours working for our benefit and too many times go unheralded for their service to the community.

Mr. Lawrence Reece; Mr. Robert Moore; Mrs. Mabel Monfort, clerk; Mr. Hugh English, president; Mrs. J. W. O. Breck, superintendent; Mr. Vincent Worland, treasurer; Mr. Carl McNeely, secretary; Mr. Emerson Brunner, board attorney.

Mr. James M. Sharp is completing his third year as principal. His thoughtful guidance has helped us through many problems. His personality has generated in us a school spirit of which we can be justly proud.

Mr. Emerson H. Bass is charged with the administration of the junior high school and many of us remember him for his help while in junior high. Mr. Bass also sponsors for the high school the Hi-Y an dthe Student Council.

On the pages following are pictured the members of the faculty and staff. While all of us at times have felt the teachers were too demanding, we realize now that for all of their work and patience – we are the better because of it.
